

MARIAMPUR SR. SEC. SCHOOL, KANPUR

VISION

On the wings of excellence reaching to the Zenith with ethics, preparing young minds physically, emotionally, spiritually and socially balanced to be ready to face the challenges of the world catering to the aim of serving humanity.

PRINCIPAL'S MESSAGE

Dear Parents,

With the tremendous advancement in science, technology, communication and computers, there has been a rapid deterioration on spiritual, moral and human values resulting in violence, crime and corruption. The essence of all education is the transmission of values such as love, peace and harmony enhancing the spiritual potential and respecting culture. Values by themselves do not help us unless they have become our own - a part and parcel of being - our attitudes.

For a child to grow and develop the home plays an intrinsic role. The home is the first school for the child where she learns to grow in values, in freedom and in love. Hence home-school atmosphere plays a vital role in the overall development of the child and so you parents are the collaborators with the school in realizing the vision of education. Today the challenge before us is to bring about a social transformation. It is in the home the child learns values and hence parents are the first educators. While it is true that technology progresses with leaps and bounds, equally needed is the proper parental guidance to children giving them age appropriate knowledge about right and wrong about vices and virtues. In the absence of such knowledge and practice of right values children are not able to face challenges. They miss the inner discipline necessary to achieve their goals.

It is high time for us to educate our children in values, since there is a corrosion of values in the era of mass media. It can be achieved only with the collaboration of family and school. So, let us together make learning a joyful and enriching experience for your child.

I thank God profoundly for his innumerable blessings on us and you dear parents for your support encouragement and co-operation.

Sr. Rose George
Principal

EDITORIAL

According to the famous poet John Milton "The mind is it's own place; it can make a heaven of hell, a hell of heaven. The human mind is indeed powerful. It can be fashioned to think positively for the benefit of human race.

In the same way the minds of the children should be moulded so that they use their skills for the upliftment of human race. Our school generates moral and ethical values to help students to mature with changing times.

Our children's minds are not restricted to the barriers of any nation, caste or creed. They've much beyond these. Our school has been successful in arousing in them an acceptability of all that is best and excellent in this beautiful and wide world.

It's a pleasure to bring forth 'Excellentia' The News Letter 2010-2011 Volume IX. As you flip over the pages you get a glimpse of the year which was lavishly packed with events and activities which opens infinite possibilities for enriching students lives to become achievers.

I am grateful to our principal Rev. Sr. Rose Vice Principal Rev. Sr. Regi., the members of editorial board and the staff for their unstinted efforts and eagerness to bring forth this issue.

Time is fleeting and months fly past yet the activity never ceases. Mariampur School believes in keeping its flag flying high and endeavours to reach the pinnacle of success with the blessings of the Almighty and steadfastness in mother Brigida's love.

विद्यार्थियों के लिए खेल का महत्व

जीवन में ज्ञान के पश्चात् खेलों का अत्यधिक महत्व है। ऐसा कहा जाता है कि — यदि व्यक्ति सिर्फ कार्य करता है तथा खेलना-कूदना नहीं है तो वह सम्पूर्ण तरह से स्वस्थ नहीं महसूस कर सकता। विद्यार्थी जीवन में खेलों की मुख्य आवश्यकता होती है। खेल मुख्यतः दो प्रकार के होते हैं — (1) घर अन्दर खेले जाने वाले, (2) बाहर खेले जाने वाले। खेल न केवल हमारा मनोरंजन करते हैं। अतः हमें हमारी कोई हुई ऊर्जा वापस दिलाने में सहायक होते हैं।

विशेषतः बाहरी खेल विद्यार्थियों को एक ऐसा वातावरण में से जाते हैं जहाँ उन्हें स्वच्छ वायु मिलती है तथा दीर्घ-भागने के कारण उनकी पाचन शक्ति बढ़ जाती है।

खेल विद्यार्थियों की अनुशासन का महत्व भी सीखते हैं। प्रत्येक खेल के उसके अपने फायदे और कानून होते हैं जिन्हें सभी लोग पालन करते हैं। प्रत्येक खिलाड़ी को नियमानुसार खेल खेलना पड़ता है। यह खिलाड़ियों को आज्ञा का पालन करना सिखाता है चाहे वह माने या न माने। इसलिए ही हम देखते हैं कि अन्य लोगों के पश्चात् खिलाड़ियों में ज्यादा अनुशासन होता है।

खेल हमें एकजुट होकर रहने की भी सिखाते हैं। खेल खेलते समय, हर एक खिलाड़ी अपने समूह का सदस्य होता है तथा वह न केवल अपने अच्छे के लिए खेलता है अपितु अपने सहयोगी की भी समानरूप में प्रगति देखता है। इसी प्रकार जब वह अपना जीवन आरम्भ करता है, तो वह एक अच्छा नागरिक स्थापित हो सकता है। खेल विद्यार्थियों के लिए जीविकोपार्जन का भी साधन है। इसलिए यह साफ है कि—जीवन में खेल अत्यधिक जरूरी है। परन्तु वह विद्यार्थी जीवन पर बुरा प्रभाव भी डाल सकते हैं यदि वह उनके जीवन उद्देश्य से उन्हें भ्रमित कर दें। खेल में जीतना ही सब कुछ नहीं होता परन्तु उस खेल का हिस्सा बनना ज्यादा महत्वपूर्ण है। इसलिए हमें अपने खेल को न्यायपूर्ण खेलना चाहिए।

अपनी और अपनी सहेलियों कि सही-सही उम्र बता न
तुझमें मैंने है कि नहीं, सीधे खड़ी हो जा ।
तेरे कितने भाई-बहन ? उनके भी नाम बता ।
तेरा पिता कहीं जाता है ? कितना कम्मा के जाता है ?
अपने घर का भूगोल समझा,
संक्षेप में परिवार का इतिहास बता ।
अब तक देखी हुई फिल्मों के नाम बता ।
नाच के दिखा चल म्यूजिक बिना
सुनते ही ढेर सारे सवाल, बैचारी दुल्हन का हो गया

वह ! मोबाइल

मोबाइल कहता है — घन्य है मेरा
अविष्कार, जिसने पूरे देश में मेरे माध्यम से क्रांति
ला दी है। क्या अमीर, क्या गरीब, जिसे देखो मुझे
लेकर भागा जा रहा है। हाथ में मैं काम में मैं !
जिसके पास मैं नहीं हूँ, वह बेवश हसरत भरी
निगाहों से मेरे धारकों को निहारता रहता है। मानो
कह रहा हो — “लानत है ऐसी जिंदगी पर, मोबाइल
के बिना जीना भी कोई जीना है ?” हर जगह बस
मेरा ही गुणगान व पैठ ही।

एक दिन मिसेज वर्मा, मिसेज शर्मा से
कहती हैं — “हाय राम ! तूने मोबाइल के नि कैसे
रह लेती हो ? मैं तो एक दिन भी न रह पाऊँ। एक
सहारा रह जाता है। साथ कई आजकल कोई कान
में उँगली भी देता है तो लगता है मोबाइल का
इयरफोन एक्जस्ट कर रहा है। आज कल तो
सेलुलर स्टेटस सिबल हो गया है। हर कोई बस
यही दिखाना चाहता है कि मेरा मोबाइल तुम्हारे से
कहीं अधिक महंगा और अच्छा है।”

सुना मेरा गुणगान आपने ! क्या नेता, क्या
अभिनेता, क्या मंत्री, क्या सतरी, सभी के हाथ में मैं
और कम्बल मैं ! मैं इतना लोकप्रिय हूँ कि मेरे बिना
कोई रह नहीं सकता । मैं हर क्षेत्र अग्रणी हूँ, हर
क्षेत्र में मेरी आवश्यकता है । मैं कभी किसी का
पीछा नहीं छोड़ता । मैं जिसके हाथ में आ जाता हूँ,
उसके हाथ से कभी नहीं छूटता । जब तक मेरा
मुलान मुझे गिरा-गिरा कर खत्म ना कर दें ।

My Experiences as a class Leader

In every Society, in every community, in every group of people,
there is bound to be someone who emerges above the others and who
acts as a guide or a leader for them.

Leader, the word itself means responsibility towards the duties given. I
was very happy to get this responsibility which brought a change in me
and my way of working I felt a feel of courage and change in expression
and development within me.

I promise to discharge my duties honestly and with full
responsibility till there were in my hand and ever after.

Is it true, what I Feel now ?

Will I get through ? well I'll try to, somehow
It seems to be a mess, and I don't care less,
I want it to be absolutely wow.
I am caught in the middle of a terrain,
there is neither sunshine nor any rain,
I'm trying to get through, but all in vain,
Isn't anybody out there to understand my pain ?
I feel lonely, I feel sad,
and just wish things weren't this bad
Its enough all this I've had.....
Someone come and show me the way,
Middle of a terrain, yes, this is where I lay,
There is no one to hear, no one to say,
I just wish there was a brighter day

और फिर पाँच पांडवों के बीच मैं एक द्रोपदी को पाएगा ।

बोझ न समझो मुझे, सीधों प्रेम जल से,
वादा करती हूँ सेवा करूँगी मैं, तुम्हारी तन-मन-धन से ।

बेटा अगर दीपक है घर का, बेटा भी ज्योति से कम नहीं ।
रोशन दोनों ही करते हैं, घर के अँधेरे को ।

बेटी की आहट से न छोटा करो मन को
आने दो, आने दो, दो मुझे,

मत मारो, मत मारो, मत मारो मुझे ।

“कुछ भरोसा नहीं”

कुछ भरोसा नहीं,
कहीं, कब क्या हो जाए ।
कुछ भरोसा नहीं,
कि कब क्या चला जाए ॥
कुछ भरोसा नहीं,
कि समय कैसा आए ।
कुछ भरोसा नहीं,
कि मनुष्य कब बदल जाए ॥
कुछ भरोसा नहीं,
कि भाग्य कैसा हो जाए ।
कुछ भरोसा नहीं,
कि रंक कब राजा बन जाए ॥
कुछ भरोसा नहीं, दुनिया में क्या
हो जाए ॥

Eternal Memories

Life at school is the most cherished part of one's memories. It is that once in a lifetime experience which begins and ends..... in tears. The first day at school is a tearful separation of little saplings from their parents. And the last day is a sentiment laden adieu of sturdy oaks of the protective refuge of their alma mater.

Well, do I remember my early years beneath the portals of this school which gave me my identity, realized my true potential and toned my skills. The tireless work of the teachers at kindergarten those noble souls with endless reservoir of patience is what really smoothens the raw stones and prepares them for future sculpting. As we gradually advanced into the years, the underness of our talents was finally chiselled by our teachers. Chiselling hurts, but a gentle smile from the sculptor heals the wounds. Criticism is etched in the mind and important lessons in life are learnt. Some teachers we dreaded all of them we loved. Some showed their concern with disarming smile, other punished arrogance with sound scolding. But each of them was the spring of inspiration which quenched our thirst for knowledge. Our transition from the innocence of childhood to the audacity of adolescence was intently watched by the guardian angels which we found in our teachers. They took their due place as our mentors and built our character with perseverance.

School is where we built lasting friendship and levered the path of hard work with mutual affection. The corridors seem to resonate with laughter and the playground scintillates with joyous yells, when I talk and walk down the memory lane. The stadium seem to echo with our shrieks of encouragement and cheering as spectators of the athletic meet. The air is itself heavy with our whooping at winnings, our disappointments at failure, our eagerness to be first to answer a question, our groan when a period was prolonged, our impatient wait for bell to ring, and the fun we had when the teacher was on leave.

All this was but a fleeting glimpse of our found action years. I'd give anything to live that life once again when all we thought was how to draw fun out of the smallest.

Glimpses of Rohtang

Caught in the rattrap, was in my fate.
Scintillating views offered me the bait.
I kept staring just like a stray.
Last the way and continued to pray.

Natural bounties of Rohtang hugged me in their
Site.

It can never slip from my sight.

Fascinated by the beauty I captured them into my
Eyes.

It can rupture only when I die

Habits Defined

Our character basically is a composite of our habits. Habits are powerful factors in our life because they are consistent often unconscious patterns which constantly express our character and produce our effectiveness. Habits are like a cable, we weave a strand of it everyday and to break this chain a process of tremendous commitment is acknowledged. Habits too have tremendous gravity pull breaking deeply. Embedded habitual tendencies that violate basic principles of human effectiveness involves more than a little will power and a few minor changes in our lives.

Life often takes tremendous effort but once we break out of gravity pull our freedom takes on a whole new dimensions. Like any natural force, gravity pull can work us or go against us. But this gravity pull keeps our world together that keeps the planets in their orbits and universe in order. It is a powerful force and if we use it effectively we can use the gravitational pull of habit to create the cohesiveness and order necessary to establish effectiveness in our lives. Habits thus can be defined as an intersection of skill, desire and knowledge.

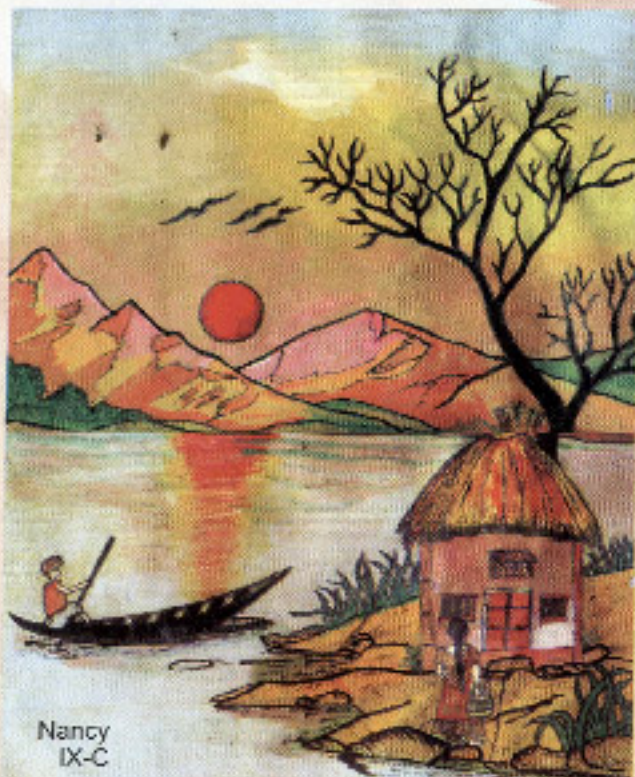

Knowledge is the theoretical paradigm skill is the way or principles to work upon and desire is the motivation. The being or seeing change is an upward process being changing or seeing which in turn changes being and so forth as we move in an upward spiral of growth. By working on knowledge, skill and desire we break through new levels of personal effectiveness which leads to happiness which can be defined in part at least as the fruit of desire and ability to sacrifice what we want for now is what we want eventually
